### REPORT ON TRAINING PROGRAMMES IN CLINICAL SKILL LAB/SIMULATION CENTRE

Nursing profession emphasizes the integration of cognitive, psychomotor and affective domains, which are the vital aspects for the nurses to achieve competency in performing various clinical procedures. Those procedures are taught and trained for UG and PG students in the nursing laboratories at Indira of college of nursing and skill laboratory at Indira groups of institution. The institution has signed Memorandum of Understanding with Indira groups of institution to utilize the facilities of skill laboratory for skill training of UG and PG students. The students are being trained by the trainer available at the simulation centre and by the faculty of nursing. The schedule of the training programme is informed well in advance to the In-charge of skill laboratory and students will be accompanied with faculty during simulation teaching on stipulated date. Every year a batch of 50 students are trained for Basic Life Support and other emergency procedures. The following table summarizes the report on skill training given to the students.
