VISION

The college is committed to generating collaborative and consultative relationship with professional colleagues and other engaged in healthcare activities to enhance the health of individuals, families and community. Result-oriented based health care education insists for its principals of lifelong learning, professionalism of highest standard, academic and clinical excellence, social responsibility and commitment.

MISSION

To nurture competent, compassionate health care professionals distinguished by ethical practice, clinical reasoning, safe patient care and commitment to social justice.

OBJECTIVE

To provide quality education by inculcating moral and spiritual values, character building and social awareness to community's health care needs for holistic development of future nurses. To achieve this objective the institution has initiated measures to attract students, faculty and staff that bring varied talents, ideas, aspirations and cultures to campus

PHILOSOPHY

The faculty of the Indira College of Nursing believes in providing nursing education that is built on scientific principles, sound educational theory and practice. Our graduates with experience can rapidly move into leadership positions in nursing education, nursing services and administration. We believe in promoting all round development of the students with special emphasis on professional nurse who will also be a valuable citizen and an effective "agent for change" in an ever-changing society. We at Indira College of Nursing believes that we have the responsibility to provide education to those who have the potential and the motivation to become educators, administration, clinical specialists and research workers on part with the constant demand of society and who will be able to contribute towards professional excellence by conforming the issues and challenges encountered in the nursing professional today.

The motto of the charity is to **"impart quality education through innovative & battling health care challenges."**
