ACTION PLAN FOR GENDER SENSITISATION

ICON has designed an upright action plan framework to promote gender sensitization at the institutional level, aiming at creating equal opportunities for both genders and combat gender-based violence and harassment.

The motive of our committee is to address inequalities and to create a balanced working environment for both the genders.

1. Assessment of existing condition.

Gender bias, inequality, disparities, and underrepresentation within the institution are analysed widely by surveys, ICC meeting reports, reviews, actions taken against the various gender-based grievances, etc.,

2. Setting aims and objective

Establish a fair aim objective to address the disparities and challenges towards ensuring a genderunbiased environment. To sketch the annual blueprint of gender sensitization with a clear and definable goal to develop a broader gender equality framework.

3. Measures to be implemented

year	Action plan	Faculty incharge
2018-19	1.To organize various lecture, workshops, training sessions, rallies, and awareness programs to develop and implement gender sensitivity among employees and students. 2.To update our current policies on sensitisation with various amendments suggested by The TN Dr.MGR Medical university.	Prof. Vatchala devi
2019-20	 To amend and promote code of conduct among faculties, students, and non-teaching staff to enhance gender equity. Policies are updated based on the new amendments made by the government. To share the findings. With the stakeholders to maintain transparency and accountability. 	Prof. Kalavathi

Indira College of Nursing

(Approved by INC & Tamilnadu Nurses & Midwives Council) (Affiliated to the Tamilnadu Dr. M.G.R. Medical University)
