

1.3.1 – The Institution integrates cross-cutting issues relevant to gender, environment and sustainability, human values, health determinants, Right to Health and emerging demographic issues and Professional Ethics into the Curriculum as prescribed by the University / respective regulative councils

2018- 2023

1.3.1. Institution integrates cross cutting issues relevant to Gender, Environment and sustainability, Human Values, Health Determinants, Right to Health issues, Emerging demographic changes and Professional Ethics into the curriculum

Cross cutting issues like Gender, Environment and Sustainability, Human Values and Professional ethics, Health Determinants, Right to Health issues, Emerging Demographic issues find ample space when it comes to integrating them positively into the curriculum. We maintain a healthy learning environment for every student. Many of these aspects are included in the curriculum design by the state nursing council and Indian nursing council
