

3.2.1 Institution has created an ecosystem for innovations including incubation centre and other initiatives for creation and transfer of knowledge

Indira College of Nursing

(Approved by INC & Tamilnadu Nurses & Midwives Council) (Affiliated to the Tamilnadu Dr. M.G.R. Medical University)

CODE OF ETHICS FOR INSTITUTIONAL REVIEW BOARD

VISION:

The Institutional Review Board (IRB) will serve the campus community as a resource for the ethical conduct of research and will promote research scholarship.

MISSION:

The college believes in the value of research involving human participants and accepts an ethical responsibility for safeguarding their rights and welfare with due consideration to ethnic and cultural issues.

OBJECTIVE:

The research ethical committee has been established to conduct of research in adherence to principles of ethics as per the guidelines and standard, to prevent the malpractice and to ensure the rights of research participants. Institute has adopted code of conduct for research which includes the following:

1. Nursing experiment and human research should be carried out in an ethical manner.
2. The research ethical committee is dedicated to oversee the rights and well-being of research subjects /participants in the scientific study.
3. The research in human experiments should not involve the participants who are not willing to participate in the study.

(Approved by INC & Tamilnadu Nurses & Midwives Council) (Affiliated to the Tamilnadu Dr. M.G.R. Medical University)

MEMBERSHIP POLICIES:

The membership policy should include the following requirements;

1. They should complete PG with teaching experience at least 3 years.
2. They should have interest in research area and critical review.
3. Should have good communication skills

ROLE:

- IRB will review and approve /Reject all the research & project activities carried out in the institution.
- The Board will examine compliance with all regulatory requirements and Guidelines.

ROLES AND RESPONSIBILITIES OF MEMBERS:

- All Members are expected to review the research & proposals and attend the meetings and participate in the discussions and deliberations
- To review the revised submissions, additional submissions, progress reports and final reports
- To review the reports of serious adverse events, and recommend appropriate actions.
- To carry out monitoring visits at study sites as and when needed.

RESEARCH ACTIVITIES:

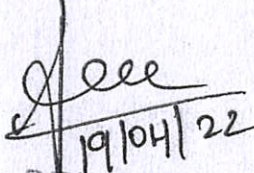

- Research coordinator is responsible for overall research activities. They have to loan and arrange for the meeting, Research proposal and publication activities.
- The chairperson is responsible for overall functioning of the IRB.

Guidelines for conducting clinical Research

1. All clinical studies should be reviewed and approved by the IRB before initiation of the study
2. No retrospective approvals will be granted

PROTOCOLS FOR RESEARCH PROPOSAL:

The research study proposal protocol should be scientific and complete with respect to the following sections

- A. Title of the study
- B. Introduction
- C. Statement of the problem
- D. Objectives
- E. Hypothesis
- F. Assumptions
- G. Operational definition
- H. Delimitations
- I. Conceptual framework
- J. Overview of the review
- K. Detailed methodology describing
 - ✓ Research design
 - ✓ Research approach,
 - ✓ Setting of study
 - ✓ Duration of entire study and duration for participation for each individual,
 - ✓ Eligibility criteria (inclusion and exclusion criteria)
 - ✓ Sample size (number of participations that may need screening, number analysis)
 - ✓ Sampling method.
- L. Data collection tools
- M. If it is Interventional study-details & methods of the interventions should be explaine
