

8.1.4

Average percentage of first year students, provided with prophylactic immunization against communicable diseases like Hepatitis-B during their clinical work in the last five years

POLICY DOCUMENT FOR VACCINATION

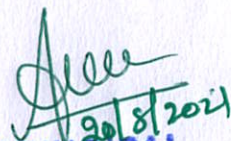

Indira College of Nursing provides vaccination for all the students/faculty involved in patient-care activities who are at higher risk than the general population for acquiring diseases.

Vaccination for students:

- ❖ Indira College of Nursing provides vaccination for all the students admitted for First year with two dose of Hepatitis -B before they start their clinical postings.
- ❖ 3rd dose is scheduled and given after 6 months of 2nd dose. Vaccination is postponed for Students with fever, viral infection, upper respiratory tract infection etc, till they become asymptomatic.
- ❖ If it is contraindicated for a student to receive the vaccine, the student must have a current written prescription from physician.
- ❖ The immunization regimen consists of three doses of vaccine intramuscularly — Deltoid site.
 - a. First dose, 1.0 ml IM on elected date
 - b. Second dose, 1.0 ml IM one month later
 - c. Third dose, 1.0ml IM six months after first dose

The vaccine will be administered through the Hospital Staff.
